

Lufthansa Global Business Services (LGBS) offers best-in-class shared services to Lufthansa group companies in accounting and business services. LGBS provides administrative services for Finance, Revenue Accounting, HR and Procurement with state-of-the-art practices globally for all of Lufthansa. LGBS belongs 100% to the Lufthansa Group.

LGBS in Cracow started in 2003 as Airline Accounting Center and currently employs over 800 professionals dedicated to providing outstanding results for an increasing range of services and customers. We have just become part of newly established LGBS Lufthansa Global Business Services and start our next decade with a significant expansion.

This means a dynamic growth, development of existing services, introduction of new services and opportunities for both graduates who want to grow with us and experienced professionals who want to become part of our future success.

Currently, due to the expansion of our organization we are looking for Candidates for the position of:
